AWS Certified Cloud Practitioner

PROFESSIONAL SUMMARY

- Front-End Developer with 2 years of experience building dynamic, responsive, and user-centric web applications.
- Skilled in React.js, Next.js, TypeScript, and modern front-end technologies, with working knowledge of AWS Cloud.
- Strong focus on writing clean, scalable code and delivering seamless user experiences.
- Continuously exploring Machine Learning and Artificial Intelligence to complement front-end development skills.

TECHNICAL SKILLS

Programming Languages: C++, C, Python, Java

Front-End Technologies: React, Next.js, TypeScript, HTML5, CSS3

Databases: MySQL, MongoDB

Cloud: AWS (Cloud Practitioner Certified)

WORK EXPERIENCE

Front End Developer — Caterpillar Inc, Bangalore

[Start Month Year] – Present

Full-time, 2 years

- Built and maintained responsive web applications using React.js, Next.js, and TypeScript.
- Collaborated with cross-functional teams to deliver production features on schedule.
- Wrote clean, scalable, and reusable front-end code aligned with company style guidelines.

Full Stack Web Developer — Connect Sys Pvt Ltd, [City]

[Start Month Year] – [End Month Year]

Internship

- Developed full-stack features spanning front-end interfaces and back-end services.
- Worked with relational and non-relational databases to support application functionality.

EDUCATION

B.E., Computer Science and Engineering — PSG-ITECH

2020 – 2024

CGPA: 8.5 / 10

Class XII — Govt. Boys Higher Secondary School

[Year] – [Year]

PROJECTS

Fake Product Detection Using Blockchain Technology

June 2023

- Built a system to detect counterfeit products by scanning a QR code and verifying authenticity against blockchain records, addressing the rise of counterfeit goods sold through digital marketing channels.

Employee Productivity Detection Using Artificial Intelligence

July 2021

- Developed a system to measure employee productivity in an office setting using Artificial Neural Networks and Convolutional Neural Networks.

PUBLICATIONS AND PATENTS

- "Identification of Fake Products Using Blockchain" — ICCNT Paper Presentation, IIT Delhi. Link: [insert URL]
- "Online Doctor Recommendation and Disease Prediction Using Machine Learning" — IEEE Xplore. Link: [insert URL]

COURSES AND ACHIEVEMENTS

- The Ultimate Web Designer and Development Course — Udemy
- Machine Learning — Infosys SpringBoard
- Solved 400+ problems across competitive programming platforms

AREAS OF INTEREST

Operating Systems, Computer Networks, Microprocessors, Data Structures and Algorithms

LANGUAGES

English, Hindi, Kashmiri
